Oxford University Press, New Delhi, India, 2005. Paperback. Book Condition: New. First Edition. Social and religious reform in colonial India has often been written about without an effort to highlight the wide-ranging debates that affected it. The volume is thus the first work to focus on 'reform' as a disputed concept. It traces the critical contestations around the phenomenon of reform as it affected the largest community of British India--the Hindus. The essays identify major issues within the history of socio-religious reform that grew into passionate public debates. The editor's introduction engages with the key components of these debates and the issues are presented through contemporary writings and speeches rarely obtainable now. Part of the prestigious Debates in Indian History and Society series, this volume would interest scholars, teachers and students of modern Indian history, sociology, and anthropology. Printed Pages: 246. Size: 14 Cms x 22 Cms.
